

# My Little Pony

## Baby Buggy Instructions

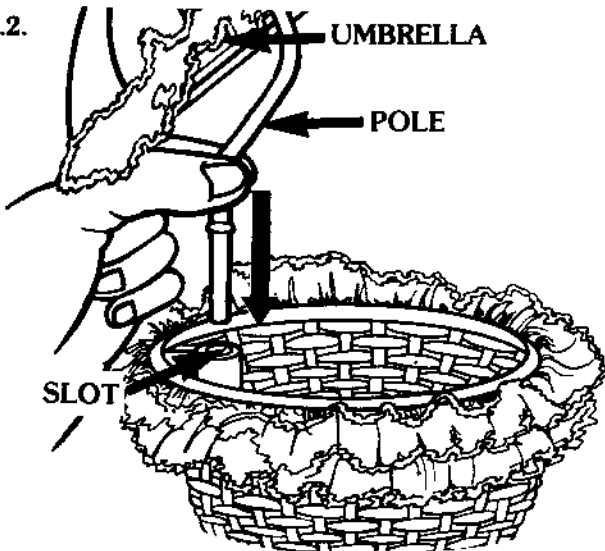

1. Buggy handle adjusts so any Mother Pony can "nuzzle" the carriage along. To adjust handle, gently push the lever beneath the handle upwards with your thumb. (Ill. 1). With your forefinger, move the handle up or down until the tab fits into one of the three grooves and adjusts to the desired height.

Ill. 1.

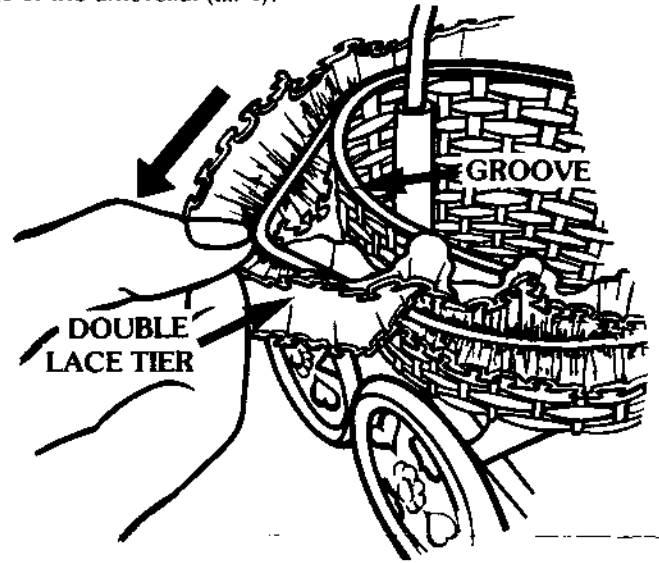

2. Ask an adult to help you put the umbrella on the carriage. Place the umbrella pole into the slot as shown. (Ill. 2.) Gently push the pole down as far as it will go. DO NOT push into place by pressing umbrella down as this may cause the pole to bend.

Ill. 2.

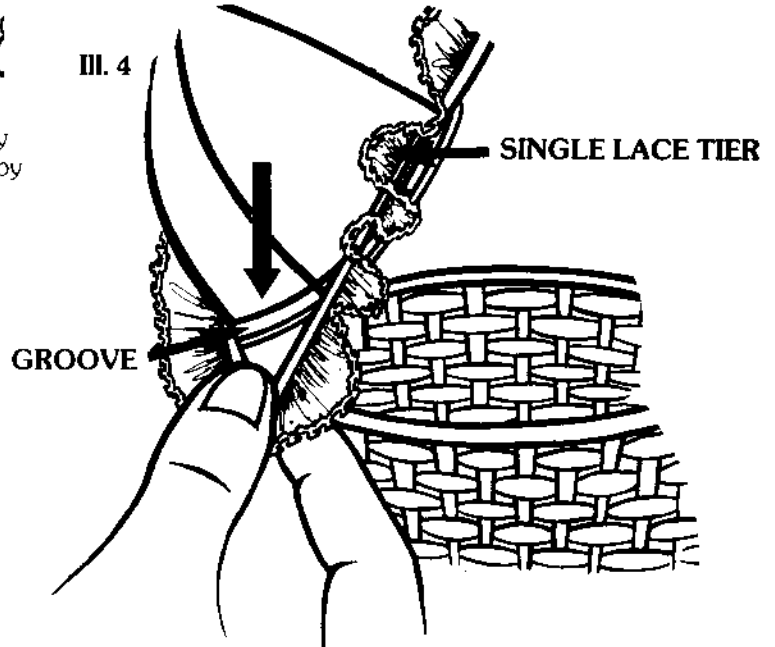

3. Decorate the Baby Buggy with the pretty lace trim. Gently stretch the *double* elasticized lace tier around the top of the basket and fit it into the groove. (Ill. 3). Stretch and slip the *single* elasticized lace tier over the umbrella and fit it into the groove at the edge of the umbrella. (Ill. 4).

Ill. 3

Ill. 4

4. Add the finishing touch to the Baby Buggy by tying the longer of the two ribbons in a bow around the heart-shaped umbrella top.
