

Instructions

Ages: 3 & Up
Ponies not included

My Little Pony Brush Me Beautiful Boutique™

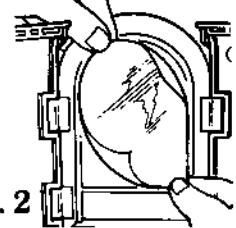

1. To attach platform to walls, slip ridge on back wall into slot in platform.

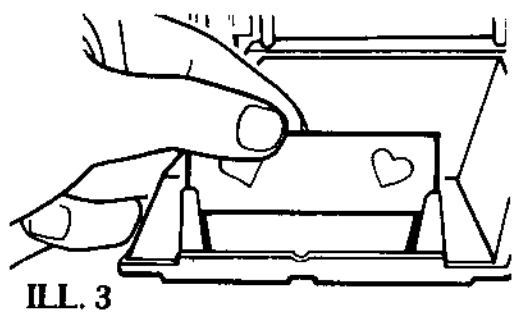

2. Peel the mirror label off the paper and apply to the back wall of the Boutique. Your ponies will see themselves as you dress and groom them on the platform. (ILL. 2)

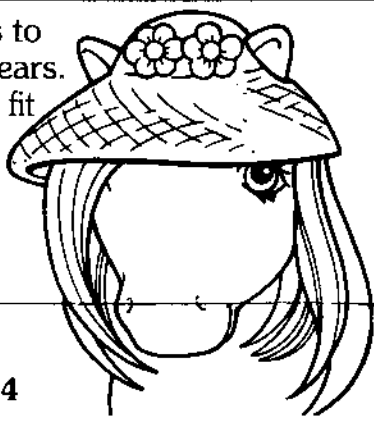

If air bubbles appear, pierce them with a pin and smooth them out.

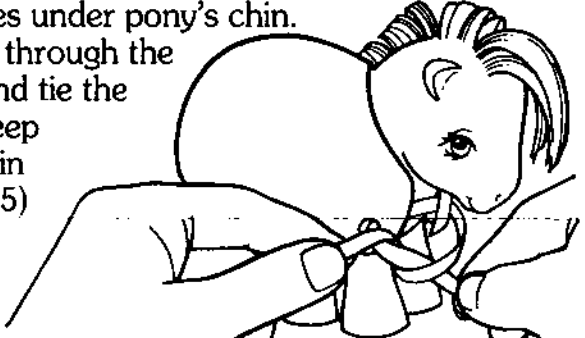

3. Insert name plaque into slot on holder. (ILL. 3)

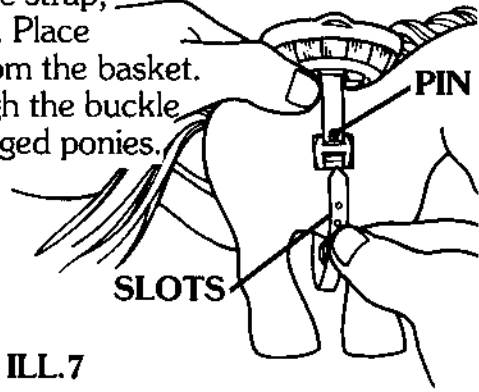

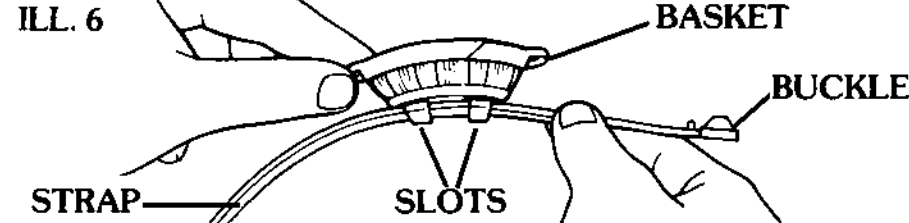

4. Both hats have holes to fit over your ponies' ears. (ILL. 4) Note: hats will not fit unicorn ponies.

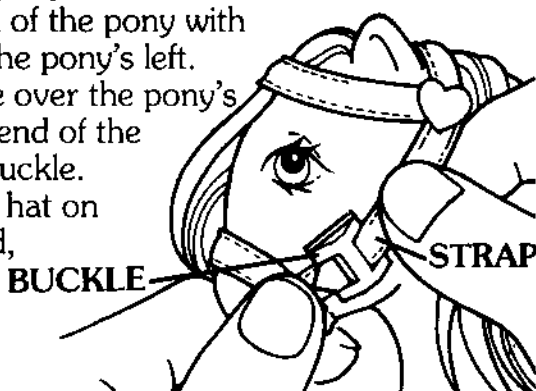

5. The blanket keeps your ponies nice and warm. Place the blanket on a pony's back with the two holes under pony's chin. Fit a ribbon through the two holes and tie the ribbon to keep the blanket in place. (ILL. 5)

6. Your ponies can take Catnip™ the kitty for a ride in the basket. Fit the strap, with the buckle facing up, through the slots under the basket (ILL. 6). Place the basket on a pony's back with the buckle hanging only about an inch from the basket. Wrap the strap around and under the pony. Fit the end of the strap through the buckle and place one of the slots over the pin (ILL. 7). Note: basket will not fit winged ponies.

7. Remove hat from pony's head when putting bridle on pony. Place the front of the bridle over the mouth of the pony with the buckle on the pony's left. Wrap the bridle over the pony's ears. Snap the end of the strap into the buckle. (ILL. 8) Place a hat on the pony's head, if you wish.

8. Fit the holes at the ends of the reins over the two posts in the bridle (located on each side of the pony's mouth). (ILL. 9)
