

—Is everyone ready for some delicious cake? Set the party blanket down on a table or any flat surface. Arrange the plates, cups, present and party horns around the blanket. Assemble the 6 slices of cake on the large serving platter to form the complete cake and place it on the blanket. (ILL. 4) Insert the 6 candles into the holes on top of the cake. (ILL. 5) Now make a wish and blow out the candles! Bend the party banner on the fold and stand it up near the cake. (ILL. 6).

—It's time to play the ponies favorite party game - Pin the Tail On The Pony! Place the wide section of the blindfold over the pony's eyes and tie the ends around her head. (ILL. 7) Use the smaller blindfold for Baby Frosting, Yum Yum and Celebrate. The larger blindfold fits Best Wishes and Party Time. Remember, no peeking! Insert either of the two tails (curly or straight) into the hole on the pony game board. (ILL. 8)

—After the party, Celebrate, the Baby Sea Pony, likes to take a swim! She can float in the tub with her turtle life preserver around her.

—Yum Yum's wings were specially designed to release from her body when extreme pressure is exerted. If this happens, simply snap the wing back into place.

—To apply the special body stricker, peel off the backing and place it on your hand, arm or wherever you'd like to wear it.

—Use the brush, hairpick and 4 pretty ribbons to style your ponies hair for the party.
