### The Story of the Poof 'n Puff Perfume Palace

Princess Dawn eagerly rummaged in her closet to find a beautiful gown to wear to the Royal Ball. She tried on a dazzling dress that glimmered with jewels. "Now for the finishing touch!" she thought, glancing at one of her perfume bottles. Suddenly, she had a spectacular idea! She raced to a nearby field and placed the perfume bottle on the ground. Calling upon all her Princess Pony magic, Princess Dawn blinked her eyes twice. POOF! PUFF! The perfume bottle grew and g-r-e-w until it was just the right size for the ponies to go inside! The ponies gathered around to admire the magical new place as Princess Dawn opened the door and stepped inside. "Welcome to the Poof 'n Puff Perfume Palace!" Princess Dawn exclaimed, wrapping a feathered boa around her neck and tossing a glittering scarf to Buttons. With a mischievous giggle, Princess Dawn squeezed the bulb on top of the palace, spraying all her friends with a beautiful perfume scent! "What a scent-sational place to get ready for the Royal Ball!" laughed the ponies, stepping happily inside the pretty palace.
